**WHAT GOLDEN DAYS RADIO IS ALL ABOUT...**

Nostalgia combines bitterness and sweetness, the lost and the found, the far and near, the new and the familiar, the absence and the presence. The past, which is over and gone, by the magic of Golden Days Radio becomes present again, even more familiar, and as it is renewed it appears ever more enchanting and ever more wonderful.

Golden Days Radio believes that sharing love and respect and bringing beauty into the lives of seniors is essential in meeting the emotional needs of those in their mature years. We honor all individuals by meeting the basic needs of the human spirit: to serve others, to love and to be loved, to belong, and to enjoy life. This strong belief is reflected in the music and the entertainment programs Golden Days Radio brings to its special audience 24 hours every day of the year.

Those who yearn for the sound of radio as it used to be, just love the sound of 95.7FM Playing Yesterday's Music – Today.

You can help keep this dream alive by remembering in your Will, Golden Days Radio and the comfort and enjoyment it brings its listeners.
